

Langley Field Naturalists

Presents: PACIFIC STREAMKEEPERS!

Presentation: Pacific Streamkeeper's Federation

By: Zoann Morten,

Description: Streamkeeper's activities most often take place at specific times during the year. Some events are dictated by the arrival, presence or departure of spawning or rearing salmon. Some activities do not take place in the stream itself and can occur at any time of the year. Come and hear Zoann as she tells us how this association help keep streams clean and healthy.

Time: Thursday Sept 21st 2023 - 7:30 pm

At: Langley Community Music School 4899- 207 St Langley

Everyone is welcome!
