

LANGLEY FIELD NATURALISTS PRESENTS!

Bat White-Nose Syndrome Probiotic Project

Bat White-nose Syndrome Probiotic Project

April 20, 2023, Time: 7:30

Place: Langley Community Music School. 4899- 207 St Langley, BC

Everyone is welcome, for Zoom - email stewardship@leps.bc.ca

Come and hear about the Wildlife Conservation Society work with the threatening Bat White-Nose Syndrome and about its work with the Bat Probiotic Project. This terrible syndrome affects bats during the winter; growth of a fungus on the skin disturbs hibernation, resulting in dehydration, starvation, and death.
