

Langley Field Naturalists Present!

HUMMINGBIRDS!

February 16th 2023 - Time 7:30 pm

By: Ron Long – Retired Sciences Photographer SFU

We all know that hummingbirds are unique but few realize just how unique they really are. This talk will explore extraordinary facts about hummingbirds using Ron's own photographs from Costa Rica, Brazil and Ecuador as well as our own backyards. The slide presentation that results from each trip includes not only extraordinary photography but also little-known details and facts about the subject and or location.

**Free presentation at Langley Community Music School.
4899- 207 St Langley, BC. All are welcome!**
