

Langley Field Naturalists

Presents - Bats in BC!

May 21st, 2026 – Time: 7:30 pm

By: Terri-Lou & Ron Trainer: BC Bat Ambassadors

Presentation: Bat Ambassadors Ron and Terri-Lou are phenomenal at engaging with the community and sharing bat education. Many myths and misinformation exist about bats, a species that plays a vital role for humans by helping control insect populations. As natural habitats disappear, finding adequate space to roost is becoming a challenge for Canada's endangered bat species.
